

# Stationary Screw Compressor

With high-end designs, advanced features, and technologies that offer cost-effective, long-lasting, reliable, and premium compressed air solutions suitable for light to heavy-duty industrial applications

## Product Description

### Process Plants

Favored for their ability to deliver a continuous supply of compressed air with high efficiency and low maintenance requirements.

### Factories

Favored for their efficiency, durability, and ability to operate under high demand, help maintain consistent production quality. A cost-effective choice for industrial applications

### Maintainability

Easy to maintain, saving cost and time for the upcoming uses

## Product Description

Models	THWAINY SSC, THWAINY PSC
Pressure	5 - 15 Bar
Flow rate	0.8 - 14.2 m <sup>3</sup> /s
Power	15 - 90 kW

### Options

- Interated dryer can be provided upon request
- Variable Frequency Drive can be provided upon request
- Food grade lubricants can be provided upon request
- Post Filtration Systems can be provided upon request
